Capitol So Heralds Overthrow of Highway Commissioner

SPROUL'S BIG MAJORITY

Put at 240,000, With Beidleman as Running Mate-Bonniwell Surprises Democrats

Harrisburg, May 22. The overshelming defeat of State 14...... Highway Commissioner J. Denny C.Neil. 15...... the candidate of the Brumbaugh ad- 16...... ministration for Governor, is heralded | 17. at the Capitol today with joy, even by 18...... some of the supporters of O'Neil, as 19...... in the last few sears.

There was some talk before the primaries that O'Neil might be induced to run independently, if he made a good showing, but there was not a sign of life about the O'Neil headquarters here this morning, and at the Department it was said that the Highway Commissioner had not turned up Nobody had any statement to make in his behalf, but it is certain that the character of his defeat will prevent the Commissioner from glying any thought to a 31 this decrease will provide any thought to a 31.

Friends of Senator Sprout at the 34.....

At the headquarters of Senator E. E. 36. Beidleman it was claimed be would have a majority of 15,000 at least over Congressional Scott, of Philadelphia for recond place on the ticket, and some of those who had been busy with the long 40 those who had been busy with the long distance phones gave their estimates at the same sign as high as 30,000 to 35,000. The close alignment of the Beidleman candidacy with that of Senator Sproul is another reason for rejoicing here, as it is taken to mean that the Republicans of the State are truly fired of factional bickering and have named a harmony ticket for next fall that will gommand support from all classes.

Beidleman ran especially well in his own district and throughout the mining

vote was polled at vesterday's primary election, because of the absence of local contests. In this city, the opposition to Representative A. B. Hess for Legislature was ineffective and Prof. B. F. Heller who contested the nomination, carried only one precinct. The vote in the city for Sproul was almost five to one to that for O'Neil, while Scott for Lieutenant Governor carried the city almost four to one over Beldieman.

The results in the county will run in about the same proportion and it is believed that Sproul will have approximately 5800 votes in the county and O'Neil about 1200. Scott and Houck also carried the county.

In this city Bonniwell received 456 votes for the Democratic nomination for Governor and Guffey, 304. In seventy-six districts in the county Guffey had a lead over Bonniwell. This, however, may be cut down considerably from last night's estimates, as in some of the districts the Democratic vote was omitted from the returns sent to the city.
